

Subsea Awareness Course

24th–28th August 2015

Parmelia Hilton Hotel
Mill Street, Perth, Western Australia

This five-day Course has been designed to be suitable for contractors, engineers, operators and those new to the offshore industry, those transferring from other disciplines within the industry and those who have worked in subsea previously but would benefit from a refresher course and exposure to the latest technology.

Whilst most of the course will be presented in a 'classroom' environment, the sessions will be interactive, with the opportunity to ask questions and discuss what has been learnt. In particular, hands-on and visual components have been included wherever possible to enable delegates to view software models and products destined for subsea service.

The course also hosts two site visits, taking delegates out of the classroom and into the real life subsea industry plus a networking dinner.

Programme Includes:

- ◆ SUT Introduction
- ◆ Introduction to Subsea
 - Subsea development options
 - Subsea building blocks
