SUT Perth Branch Committee & Sub-Committee Nominations for 2019

You can nominate for any/all of these committees within the **one** nomination form.
Submission due by the 5th October 2018

SUT Perth Branch Committee

The Society for Underwater Technology is a not-for-profit learned society, founded in 1966 to promote the further understanding of the underwater environment. The Perth Branch was formed in 2005 as an association (falling under the Associations Incorporation Act 2015.) It focuses locally on this objective through 16 voluntary committee members who form SUT Perth's Committee of Management.

Marketing Flyer giving a quick overview.
Rules of Association - for further details of the SUT Perth Branch Committee.
Eligibility: You must be a paid up Individual or Corporate named member to nominate. See Rules of association for full details.

Additional SUT Sub-Committees

Eligibility: You must be a SUT member (any rank) to nominate, though nominations not open until November 2018.

Do you know you don't have to be a Committee member to be involved in a SUT sub-committee?
With such an active branch, the sub-committees come together to nut out and action the details of particular initiatives and events before reporting back to the SUT Perth Branch Committee. These include but aren't limited to:

- Advertising;
- AGM & Annual Dinner;
- AOG;
- AUT Conference
- Branch Support;
- Engagement;
- Evening Technical Meetings;
- Golf Day;
- Membership;
- Mentoring;
- Scholarship;
- Subsea Engineering Registration
- Subsea Controls DownUnder Conference

Further details of each sub-committee.

SUT's Phoenix Sub-Committee

Eligibility for nomination: You must be a SUT member (including bona fide, especially created for this group demographic) to nominate.
Purpose:
i. To be proactive in advocating the capabilities of the group members;
ii. To Engage with stakeholders (investors, industry, government and academia) to identify and progress viable solutions for future needs;
iii. To provide a forum where innovative ideas can be shared, developed and progressed to fruition;
iv. To provide leadership, mentoring and training; ensuring a legacy of engineering, scientific and academic excellence is inherited;
v. To leverage the enormous global network available through its membership to further its aims and objectives.

SUT's Young Engineers & Scientists (YES!) Sub-Committee

Eligibility for nomination: Nominations not open again until 2019 (2 year term)

Purpose:
i. To create awareness of the subsea/underwater industry amongst young engineers and scientists
ii. To develop young engineers and scientists within the subsea/underwater industry by providing networking opportunities and building relationships
iii. Introduce education groups to SUT (high school and/or universities), encouraging them to join the subsea/underwater industry

SUT's Offshore Site Investigation & Geotechnics (OSIGp) Perth Sub-Committee

Eligibility: You must be a SUT member (including students) to nominate for a 2 year term.

Purpose:
i. To promote best practice for disciplines that fall within the OSIGp Group's remit within the offshore industry.
ii. To be a recognised learned body providing advice on issues within the technical remit of the Group to other non-commercial organisations.
iii. To organise and provide education and training courses, international conferences and workshops / seminars to the offshore industry to foster best practice and knowledge transfer and dissemination.
iv. To liaise with and help develop the international OSIG community to create a global network where initiatives can be rolled out and information communicated between the OSIG groups.
