

Industry Mentoring Program 2021

Workshop No. 3

“Networking Made Easy”

Dear Mentors & Mentees of the 2021 Joint Industry Mentoring Program and members of participating societies!

Our third learning workshop for 2021 will present – **Networking Made Easy**

Not everyone finds networking easy, but it's a big part of being successful in your career or business. So it's important to be good at it.

If you've been wondering...

- ? Why is it so hard to carry on a **CONVERSATION**?
- ? How do I **EXPAND** my network?
- ? How do I network if **I'M AN INTROVERT**?
- ? I'm **WORKING REMOTELY**, how do I keep networking?
- ? Would I get that **JOB OR PROMOTION** if I was better at networking?
- ? How do I **RECONNECT** with people in my network who I have fallen out of touch with?
- ? How do I turn networking into **ACTUAL BUSINESS**?
- ? What is the **SECRET** to networking? ...

... then you won't want to miss this important presentation.

Your presenter, Ron Gibson, is a recognised leader in the field of networking. His 150-plus presentations each year distil nearly three decades of practical networking know-how he has gained from building his own successful business, exclusively from relationships he builds and a strong word-of-mouth reputation. In this workshop, Ron will share specific how-to advice for making networking easy, effective and rewarding.

Come along for an inspiring and practical session delivered by a very passionate speaker.
